## Petition Title: A new NHS Hospital for Basingstoke

To the Secretary of State for Health and Social Care,

The petition of residents of Basingstoke

Basingstoke Hospital has served our community well, but the 1970s buildings are reaching the end of their useful lives.

We need a brand-new NHS Hospital to maintain this excellent service and meet the needs of our growing population in North Hampshire. A site at Junction 7 on the M3 has already been identified by the Ambulance service as the best location to save more lives.

The petitioners therefore request that the Secretary of State for Health supports our campaign for a brand new NHS Hospital for Basingstoke.

And the petitioners remain, etc.
